Both Local Companies Reach Douglas—Tanks Win Tent Pitching.

The 128 men, members of the local tank corps and cavalry unit who left here Monday morning for Camp Douglas for a two weeks' training, arrived there Monday afternoon at 2 p. m. according to a telegram received here this morning from Capt. Claude Fink of the tanks. Tanks were pitched at once and the first platoon of the tanks was the 319th which was offered by Alderman Fink of this city for pitching tents the fastest.

Due to the efforts and donations of the Jansville Riders' association of this city, the campers from here will have some real dinner Sunday. Food and money are being collected by Joe Simons of the Chamber of Commerce and a real meat will be gotten up and sent up on the train Saturday afternoon. The meat for the tent has been ordered and they will have everything else, including fruit and ice cream.

BIG INCREASE IN RURAL MAIL HERE

Annually and during the month of July count is kept of the pieces of mail carried by rural carriers. The mailmen at the local post office have been completed for the 25 work days of July. It shows a total pieces of mail collected and delivered as 198,581. A comparison of the amount on each of the rural routes follows:

R. 1—24.5 miles, 15,111 pieces.
R. 2—24.8 miles, 10,275 pieces.
R. 3—27.6 miles, 8,825 pieces.
R. 4—24.7 miles, 10,855 pieces.
R. 5—27.4 miles, 8,425 pieces.
R. 6—25.3 miles, 8,875 pieces.
R. 7—26.5 miles, 10,785 pieces.
R. 8—26.8 miles, 7,974 pieces.
R. 9—25.5 miles, 7,974 pieces.

This is said to be 50 per cent increase from the amount of mail handled a year ago.

In sending parcels the postmaster advises insuring, the cost of which is 2 cents up to a valuation of \$5; 5 cents up to a valuation of \$25; 10c up to a valuation of \$50; and 20c up to a valuation of \$100. The insurance feature gives full compensation for the value of the parcel in case it is lost.

The special delivery feature is another one the use of which has increased in the same proportion and may be used in sending either letters or parcels.

LICENSES MAILED.

Tax drivers' licenses have been mailed out and turned to the drivers by the city clerk, J. J. Sartell. The drivers are asked to paste them in the envelope they can send to be seen as the police are going to keep close tab on them now.

WOODMEN PLANNING PEP-TI MIST CAMP

As a result of a joint meeting of the Modern Woodmen of Beloit and this city, held recently in Beloit, Mo., which is to be a rock county organization, will be organized the first meeting to be held Monday evening, September 13, in this city at West Side Odd Fellows hall.

P. P. Starr has been elected temporary chairman and J. W. Van Houten, secretary. The object of the pep-ti mist camp is to renew the old time spirit of the order and to stir up interest in various things, including the high standard of the order. Speakers prominent in woodcraft will address the September prize and a social time is also being planned.

GUARDING PUBLIC HEALTH AIM OF MILK COMPANY

Every Effort Possible Being Made to Serve Citizens With Purest Milk Obtainable.

Sometime ago an editorial appeared in the Gazette commencing upon the importance of "clean milk." This is indeed a subject of first interest to the public, as it touches the health of the entire community. While it is true, as stated in the article, that Jansville has no city ordinance regulating the milk industry, the JANSVILLE PURE MILK COMPANY is doing all in this regard that any ordinance might reasonably require.

Upon the delivery of the milk to our point of first stop is to Clark, P. V. It is for this purpose we have just recently installed, at large expense, a milk clarifier of the latest type, which removes any foreign substance that may be in the milk. Clarification simply means cleaning the milk and if one could see the results produced by this machine, he would know how important the process is in the matter of producing clean, pure milk. After clarification the milk is pasteurized with the most efficient and most up-to-date machinery possible.

After pasteurization the milk is bottled by machinery, in bottles, every one of which has been completely sterilized. These bottles are first washed in an antiseptic solution, rinsed in boiling water and then finished with steam under high pressure, which is greater care than the housewife can possibly use with any of her own utensils.

The process is all done by machinery, even to the capping of the milk, and the milk touches nothing but machinery from the time it is received until it is delivered to the consumer.

Prior to bottling the milk, and immediately after it is pasteurized, we have an elaborate process of cooling. The pasteurized milk is immediately cooled to a temperature of 40°F, just a few degrees above the freezing point, and this is accomplished by cooling machinery of the latest type. The milk is then placed in an insulated ice box, just installed, and its temperature is thus maintained until it is delivered to our patrons. This entire process is absolutely mechanical and entirely sanitary.

We have recently installed a laboratory and secured the services of Mr. Kenneth Anderson, a graduate of the State University. He was, for a time, an instructor in "City Milk and Dairy Husbandry." Prior to this he had wide experience in the handling of dairy products, both in private concerns and for the United States Department of Agriculture.

We make complete chemical tests of all our milk and note its merit at all times.

We are sparing no expense in the development of our business, and the public is cordially invited to make inspection at any time. It will be seen from the foregoing that we are doing everything possible to deliver a pure, clean product to the public. When we say "Pure Milk," we mean it.

Ray Chapman Dies After Being Hit by Pitched Ball

OPERATION FAILS TO SAVE VETERAN CLEVELAND SHORT

New York, N. Y., Aug. 17.—Raymond Chapman, shortstop on the Cleveland American baseball team, who was hit on the head by a ball thrown by Pitcher Carl Mays in yesterday's game with the New York Americans, died in the St. Lawrence hospital at 4:50 o'clock this morning. He never regained consciousness after an operation which was hurriedly decided on shortly after midnight when a portion of his fractured skull was removed by surgeons who hoped against hope that he might recover.

Shortly before it was decided to operate Manager Speaker telephoned news of the accident to Chapman's wife in Cleveland who immediately started for New York.

Today's game off over the news of his death cast gloom over the members of both teams and the baseball world. Today's game was cancelled. Carl Mays was overcome with grief when the news was told to him.

The accident occurred at the outset of the fifth inning. Chapman was the first batter up and was hit by the first pitched ball. So terrific was the impact that the report of the impact caused spectators to think the ball had struck his bat. Mays, who pitched the ball, acted under this impression, decided the ball that rebounded half way to the pitchers box and threw it to first base in order to retire Chapman.

Called Off Field
Then it was noticed that Chapman had collapsed at the home plate. He was lifted to his feet by other players, then he was taken to a moment's rest, and crumpled up at their feet from the ground and they administered first aid. Still no sign of life. Then the report of fractured skull. Two players with Chapman's arms about their shoulders started to walk him off the field. He appeared to walk but almost immediately, but a few moments later his legs became limp and he had to be carried bodily to an ambulance.

The surgeons made an incision through the base of the skull and discovered a rupture of the lateral sinus and a quantity of clotted blood. A small piece of the skull was removed.

The physicians at first entertained a faint hope that the ball player would recover, but he failed to rally. Bad was "satire."

Mays in discussing the accident said that the ball he threw was "solid"—one that breaks sharply on one side, due usually to a rough spot on the cover. He asked for another ball before pitching to Speaker who followed (Chapman at the plate and the ball which fatally injured the shortstop was thrown out of the game.

In baseball circles it was believed that Chapman's death would seriously hamper Cleveland's chance of capturing the American league pennant. He was a veteran and one of the mainstays of the team.

Mays Inconceivable
Mays barred himself even to his friends today, inconceivable because of the accident. Efforts of even his most intimate teammates to comfort him failed to allay his grief.

"The death of Ray Chapman is the worst tragedy the game has ever known," said Colonel Huston, one of the Yankee owners. "Coming at a time when the pennant fight is the hottest the game has been robbed of the man, who next to his manager, was the mainstay of his team, and who was doing more than can be estimated to keep Cleveland in the pennant contest."

Baseball Players Ask
Mays Be Dismissed
Boston, Mass., Aug. 17.—Players of the Detroit and Boston clubs of the American league today prepared to draw up a petition asking for the banishment from organized baseball of Carl Mays of the New York Yankees, whose pitched ball fractured the skull of Ray Chapman, Cleveland shortstop, in yesterday's game. Probability that the members of both teams would refuse to play in any game in which Mays was the pitcher was expressed by some of the players.

Mays has been a storm center of baseball controversy for years, first because of his close pitching, as a result of which players frequently complained that he had tried to "dust them off," and later when the deal between the Boston and New York clubs by which he was transferred after he deserted the Red Sox, precipitated a factional fight among club owners and President Johnson which threatened to disrupt the league.

Prendergast May Leave Fairies; Dumont in Shape for Series

There is some doubt held today that Prendergast will leave Beloit. George Perring, manager of the Samsons, returning from Beloit this morning said that he had a talk with "Mike" last night when the pitcher stated he was not thoroughly satisfied with the character of the contract being tendered him by the Rapid City, S. D., scout. The papers do not seem sufficient guarantee to Prendergast.

"Mike" Prendergast, one of the dependable pitchers of the Beloit Fairies, started and three times victor over the Samson Tractors this season, has joined Hemmingway in a decision to leave Fairbanks and become a member of the Rapid City, S. D., club. Announcement to this effect was contained in a statement issued by the Gateway City officials Monday afternoon.

Offer Two Good.
All efforts of Manager Al Chubb of the Fairies to hold Prendergast in his fold were unavailing. The offer made by the western scout was too good to turn down. "Mike" has been with the Fairies since July, 1919, coming into his highest condition this season.

Hemmingway has already departed from the Line city ranks. After appearing voluntarily in a Engineers' suit Sunday, he left for South Dakota Monday.

May Aid Samsons
What effect will the leaving of the two men have on the Fairies strength for the two games between the Samsons and Beloit next weekend. Some argue that it increases the chances of the Samsons. Considering that Prendergast beat Janesville twice in that number of full games and won in the first game after taking Sullivan's place, that may be true. Besides, Perring's crew has no fear of either Sullivan or Hansen. But there is "Zip" Zabel left, who has a fifty-fifty record against the local outfit.

Dumont Is Ready.
The Samson players are in pretty good shape right now. Speed King Dumont is feeling the good effects of his rest of the past two weeks and is confident that his arm will be in snappy shape by Saturday. Thus, with Lathrop twirling airtight ball, the local staff will be in top shape for the next series. White Shook was taken with Charley horse

INDIANS' HOPES ARE DIMINISHED

AMERICAN LEAGUE.

The baseball world was shocked by the sudden death of Ray Chapman, Cleveland veteran shortstop, who was struck yesterday by a pitched ball by Mays of the Yankees. Today's game has been cancelled. Cleveland's chances to win the pennant now appear to be shattered, much dependence having been placed upon the quality of Chapman's work.

New York tried a ninth inning rally, but fell short of defeating Cleveland. Final score was 4 to 3. Coveleski was a puzzle to the Yankees until the ninth, when three hits and a pass resulted in three runs. Perring by Ward and Ruel helped the Indians in the fourth.

Hitting timely, Boston won from the Tigers, 6 to 1. Pennock pitched a two hit game until he weakened in the seventh, giving five hits, one a triple.

No other games scheduled.

NATIONAL LEAGUE.

Cincinnati battled Hendrix hard and beat Chicago, 9 to 1. Hendrix was knocked out of the box in the seventh, Bailey and Jones finishing.

Cubs' double won for the Pirates yesterday from St. Louis, 2 to 2.

No other games played.

AMERICAN ASSOCIATION.

Fourteen innings were required by Milwaukee yesterday to defeat Toledo, 9 to 8. Bae's timely hit, breaking an 8-8 tie that had lasted since the ninth when the Bluejays got three runs, sent across the winning run.

Loomis, Hurdles Winner.

Frank Loomis, who set a new world's record in the 400 meter hurdles in the Olympic, when he won Monday, is a graduate of the Kenosha high school.

AMATEUR PLAYER KILLED BY BALL

Kalamazoo, Mich., Aug. 17.—Carl Jager, amateur ball player of Platteville, Mich., died in a hospital here this morning of injuries received in a game Sunday. He was hit on the head by a thrown ball and concussion of the brain resulted.

MAC NAMARA CALLED AWAY BY ILLNESS

Work in whipping the outfield of the Samson diamond into shape for the games with the Fairies next Sunday, started yesterday. Trainer Mac-Namara, however, is not in charge, having been called to St. Louis because of sickness of relatives.

Pass this all along the line etc.

Thursday P. M.

DEAR PETE:

Just blew into Pittsburg to close that N and P purchase. While I was waiting for the contract to be signed who ambles in to the G. M's office but President Holt! Asked me if I had a cigarette. Slipped him my "Camel Garage." Remember, he hit the "straight" boys when I met him last year?

Pete, you ought to hear Mr. Holt talk Camel! Gee, I thought I was some Camel spieler. But he went right to the mat with the subject. Say, if I could have short-handed that line of super-stuff I'd have the job writing Camel ads by noon today!

"Reynolds, ought to get a dollar for every Camel cigarette," Mr. Holt declared. "Why, my boy, Camels are simply wonderful," he added. "Don't ever let anybody talk about mild cigarettes compared with Camels! I know! (Get that, Pete). I've proved it to a hundred smokers that Camels are the mellowest and most refreshing cigarette in the world," etc., etc.

Pete, Camels won Mr. Holt like they won me — on their quality! After hearing him cut loose, I felt like saying: "You tell it, old parcel post, I can't express it!"

Pete, I'm hatching an idea about Camels. I'll spill it your direction next time I write! It's what York State folks call a "pip-ing!" And it's ripe!

Yours till the next fire-up.
